

Discover U.S. Dairy at IFT 2019

Food companies today face a challenging task of creating products that are healthy, taste great, offer unique and exciting flavor experiences and are earth-friendly. By selecting U.S. Dairy for your innovation needs, formulators can confidently source nutritionally and functionally advantageous ingredients made with wholesome milk from U.S. dairy farms which have an unwavering commitment to the environment. Discover U.S. Dairy's broad network of suppliers—many of whom are exhibiting at IFT 2019 and highlighted here—to support your growth ambitions with a versatile, diverse and sustainably-produced product portfolio that fits evolving global flavors and usage applications.

USDEC MEMBER SUPPLIERS

AGRI-MARK, INC. | agrimarkwheyproteins.com

1953

Agri-Mark, Inc. is a cooperative in the northeast United States and is owned by 1,200 farm families. Agri-Mark, Inc. owns four manufacturing plants and produces a variety of dairy proteins, cheddar cheese, butter, cultured dairy products, nonfat dry milk, buttermilk powder and bulk condensed skim milk blends. Agri-Mark's dairy proteins, WPC80 and modified whey, are produced only with whey from our own manufacturing plants. All Agri-Mark manufacturing plants are SQF2000 Level 3 certified.
